7. การนำเสนอผลงานวิชาการ

1. Anterior displacement of anus: A common association with childhood constipation. The first international medical summit. Bangkok, November 27, 2008.
2. Total body fat composition of Thai obese children. The first international medical summit. Bangkok, November 27, 2008.
3. Nutritional status and intestinal parasitic infestations in school children. The first international medical summit. Bangkok, November 27, 2008.
4. Association of anterior displacement of anus and constipation among Thai infants. 11th Congress of the Asian Pan-Pacific Society of Pediatric Gastroenterology, Hepatology and Nutrition. Korea, September 25-28, 2009.
5. Short term effect of cyproheptadine on weight gain in malnourished children: A randomized, controlled trial. 11th Congress of the Asian Pan-Pacific Society of Pediatric Gastroenterology, Hepatology and Nutrition. Korea, September 25-28, 2009.
6. Prevalence of overweight and obesity among school-children in suburb Thailand. 19th International Congress of Nutrition. Bangkok, October 4-9, 2009.
7. Prevalence of exclusive breastfeeding and complementary food among infants born at HRH Maha Chakri Sirindhorn Medical Center. การประชุมวิชาการประจำปี 2552 คณะแพทยศาสตร์ มหาวิทยาลัยศรีนครินทรวิโรฒ. กรุงเทพฯ, 12-14 พฤศจิกายน 2552
8. Serum tocopherols in cardiovascular disease. 19th International Congress of Nutrition. Bangkok, October 4-9, 2009.
9. Associations of skin carotenoid levels estimated by Raman spectroscopy and individual serum carotenoid concentrations. 19th International Congress of Nutrition. Bangkok, October 4-9, 2009.
10. The efficacy of electroacupuncture therapy for weight loss in overweight/obese women. The 2nd international medical summit. Bangkok, November 11-12, 2010.
11. Efficacy of cyproheptadine on body weight gain in malnourished children: A randomized, controlled trial. The 7th Asia Pacific Conference on Clinical Nutrition. Bangkok, June 5-9, 2011.
12. Prevalence and risk factor of dyslipidemia in Thai schoolchildren. International conference on growth & nutrition. Paris, February 1-3, 2012.

13. Prevalence of obesity and thinness in Thai children. International conference on growth & nutrition. Paris, February 1-3, 2012.
14. Randomized Controlled Trial of a Two-strain Probiotic Combination to Reduce Common Cold in Children. In: The European Academy of Paediatrics: 2013 Educational Congress and Mastercourse. Lyon, France 19-22 September, 2013.
15. Efficacy of Probiotics Stored at Ambient Temperature in Treatment of Acute Diarrhea. In: The European Academy of Paediatrics: 2013 Educational Congress and Mastercourse. Lyon, France 19-22 September, 2013
16. Randomized controlled trial of chelated Zinc to prevent common cold in Thai schoolchildren. In: World Congress on Controversies in Pediatrics. Prague, Czech Republic, April 24-27, 2014.
17. Zinc supplementation enhances linear growth in school-aged children: A randomized controlled trial. In: The 11th Asian Society for Pediatric Research. Osaka, Japan, April 14-18, 2015.
18. Oro-cecal transit time Thai obese children. In: 3rd International Conference on Nutrition and Growth. Vienna. Austria, March 17-19, 2016.
19. Nutritional status and hypertension risk in Thai schoolchildren. In: The 6th Congress of the European Academy of Paediatric Societies. Geneva, Switzerland, October 20-25, 2016.
